PUBLIC SCHOOLS**

Town Hall Meetings

The financial forecast for Florida and the proposed budget for public education next year are disconcerting. Our schools and the economic development of our community will be greatly impacted. The state education budget is way underfunded and features historically low funding for public schools. **Why?**

Please join the Superintendent of Schools and School Board Members at the community town hall meetings to learn about the 2017-2018 state education budget. PTA members, M-DCPS alumni, community groups, taxpayers, students, employees, and all who care about education are invited. Stay informed, and help maintain world-class educational opportunities for our nearly 350,000 students.
