Online Programs and Their Use in the Computer Technology Course at Ammons

During the course of the semester students will be assigned to do work on the following websites:

- Learning.com
- Brainpop.com

Both websites are available anytime from any computer connected to the Internet. You should check the class website for due dates of assignments. Assignments must be handed in or completed on or before the due date.

<http://www.schoolnotes.com/33177/dmasdeu.html>

Time will be given in class to do these assignments and students will be allowed to work outside of class if necessary.

School computers are available in the Media Center:

- from 8:25-8:50 each morning
- during lunch waves
- after school from 3:40-4:40 most days

Computer tutoring times in room 203:

- Wednesday mornings from 8:25-8:50
- Wednesday afternoons from 3:45-4:45.

This time should be used to work on these assignments if necessary.

Sincerely,

Mrs. Masdeu, Ms. Goldstein, & Mrs. Serna

Signatures: I have read and understand the online program requirements for the Computer Technology course. This form will be kept in the front of the student's folder.
